**Workshop:** Google Docs Presentations - GDP 101

**Length:** 60 minutes

**Seat availability:** 10 (per session)

**Course Description:**

Developing your slide presentations online in Google Docs makes it easy to share and work concurrently on slides with others. With the ability to add drawings, images, and video, you can use presentations for a variety of projects.

**Prerequisite Requirements:**

- Introduction to Cloud Computing
- Introductions to Google Docs

**Learning Objectives:**

- Presentations in the classroom
- Create and format presentations
- Edit and format slides
- Share and publish a presentation
- Prepare and deliver a presentation
- Streamline back-to-back presentations
- Design presentation templates for class

**Location:** J. Y. Woodard Technology Building, 1st Floor (Testing Lab)

**Instructor:** Distance Learning Support Specialist
